41' Islander Freeport

The Ultimate Blue-Water Classic:
1977 Islander Freeport 41 for Sale in La Paz, Mexico

Price $87,000 USD

Set sail on a legend. This 1977 Islander Freeport 41 is a rare find, combining the timeless design of Robert Perry with the rugged, long-keel stability required for serious offshore passage-making. Currently located in La Paz, Baja California Sur, the gateway to the Sea of Cortez, this staysail ketch is perfectly positioned to begin your journey through Mexico's most breathtaking cruising grounds.

Unlike many vintage cruisers, this vessel features a modern Cummins B3.3 65 HP marine diesel engine, newly installed in 2016 with only 215 hours. Experience incredible fuel economy, cruising at 6 knots while consuming only a half-gallon of fuel per hour—ideal for the long reaches between Baja's remote anchorages.

Designed for true independence, this Freeport 41 is a powerhouse of self-sufficiency:

- Massive Solar Array: Equipped with two 660W solar panels and a 4,000-watt sinewave inverter.
- Reliable Power: Includes an Entec West 4,000W generator and a 120-amp alternator for total energy security.
- Substantial Capacities: Carry 200 gallons of fuel and 150 gallons of water, allowing for extended stays in pristine, uninhabited coves.

This is a true sailor's ketch, cruise-equipped with a versatile sail plan including a main, mizzen, spinnaker, and storm jib. Navigation is made effortless with a full Raymarine electronics suite (Autopilot, Plotter, GPS, Depth) and the added mechanical advantages of a bow thruster and hydraulic wheel steering for precision handling in tight marinas or heavy seas.

The Freeport 41 is famous for its "big boat" interior. With a wide 13.17 ft beam, the salon is incredibly spacious, featuring a full galley with a Force 10 stove, a 15,000 BTU portable A/C for tropical afternoons, and ample accommodations for family and guests.

This Islander Freeport 41 is a turnkey opportunity for anyone dreaming of the cruising lifestyle in the "World's Aquarium", so don't miss out and contact us today!

General Information

Manufacturer	Islander
Model	Freeport 41
Year	1977
Length	41
Hull Material	Fiberglass

Specifications

Hull Type	Long Keel
Rigging Type	Staysail Ketch
LOA	41.00 ft
LWL	32.50 ft
Sail Area	817.00 ft²
